CERTIFICATES of The Audit Company of New York covering accounting and physical examinations of properties are accepted by financial houses in the United States and abroad and are often made the basis of underwriting agreements of importance.

The Audit Company of New York

- Aids clients to determine proper plans for stock and bond capitalization.
- Arbitrates upon conflicting financial interests of industrial firms and companies providing a fair basis for consolidation.
- May be consulted for advice on any subject requiring knowledge of correct commercial practice.
- May be named in mortgages covering industrial and other bonds—in cases of special agreements which safeguard the lien or income—to certify whether such provisions are being carried out.
